“ *Betty has a special place in my heart. When I, back in 1991, arrived in Alabama for my high school year she welcomed me with open arms. Not a day passes when I'm not grateful for our friendship. She is the best combination of warmth, love and wit. I am trying to practice her open minded and soulful love for people, the belief that all people are good. If trusted to be.*

*My family also remembers Betty's warmth when visiting Sylvania and a couple of years later when welcoming her to Stockholm, Sweden.*

*All our love and condolences from Betty's Swedish "family".*

“ Aunt Betty was always a constant presence in my life. She was an absolute comfort and a guiding source of wisdom and unrelenting love during my mother’s illness and death. It is with such a sense of absolute loss and emptiness that at first I met the news of her passing. However I will honor her by remembering her laughter and giggles matched with a mischievous gleam in her eyes sometimes laced with a very frank observation she had about a person or situation. Morning coffee times when on the mountain will fondly be remembered and cherished. Aunt Betty had a fierce love for her children Rodney, Dewitt and Miriam, always. Thank-you Aunt Betty for loving. Just wish for one more day with a cup of coffee.  
With love, Cathy
