“ *He was always such a sweet teddy bear of a father- in -law. My heart aches for all his kids, he was so amazing and a great source of strength when needed. I am so sorry for your loss but I also happy thinking that him and Fran are together again. Their love for each other and all their kids was so special.If you all need any help please let me know.*

I met David and Fran in 1977 when I moved to Florida and started dating Fran's brother. Then we became in-laws and the four of us had so many good times. We camped at the river and danced in the living room. We raised our kids together and shared many laughs, a few tears but one thing is for sure, David was kind and caring and someone you could always count on. I know David is already at work in God's kingdom because as David would always say "you've got to be doing something". Rest in peace dear friend and brother in law. You will be missed.
