TM

“ My deepest condolences and prayers going up, I really don't think that there are words to say how much she loved her family, I talked to Dee a couple years ago and the way she talked about her children and grandkids left no doubt where her heart was and always was, Dee and I had so many memories together to many to even count she was one of my oldest and dearest friends, I find peace in knowing that when my time comes she will be there to meet me,
