“ *DeLana had a beautiful smile, very attractive, and loved people and was passionate about her family and her Lord. She adored her two sons John and Landon, always speaking highly of each one. She loved having fun and her happy place was the beach. She was a wonderful Mother and a very loving sister in law to me. She was always very sweet and complimentary to me and to people she knew. She let her love shine on others and brought out the best of them. She will be missed 🥺*

I will always have precious memories of my dearest cousin Delana. Our shared interest in real estate made me feel even closer to her. I must say that she was among one of the favorites of my Father ❤️

ST

DeLana had a very charismatic personality that was very graceful and enthusiastic. She would encourage you no matter what she was going through. She encouraged me to receive Jesus as my saviour, and attend church. That was the beginning of all our siblings in receiving Jesus as our Saviour. She had a positive influence on me getting my college degree in Education. It wasn't until I was in 7th grade that classmates discovered she, as popular as she was, was my older sister.

She was a successful, award winning Real Estate agent in the Huntsville/Madison area.
