I loved that he found some time to stop by and talk with me about art we both enjoyed. I thought of him as a young friend. He will be greatly missed.*

“ *Everything was planned and I was to travel to Dr. Ronnie's homegoing services and sing in the choir. I started upchucking and pounding headache early this morning. Dr. Ronnie was one of my dearest friends. As my memory serves me correctly he only missed 2 of our Clay County conventions during the years I knew him since 2009. We sat and sang together in so many singings. He would find me, give my that wonderful hug, contagious smile and tell me he loved me. Was always blessed with his singing and playing. Always loved to hear Dr. Lewis and Kathy sing. I texted with him up until two or three days before the left this life. He was encouraging to me always. We shared other hobbies and interest. He will always remain my best friend. He told me he was going to practice in that heavenly choir before me. I look for forward to singing with him again.*

Dr. Lewis was a life savior for me. He was the one person I could talk to about anything that was bothering me. Was the best dr. I ever had. He will be missed greatly. Love his sence of humor. Always mad me laugh. He was a shoulder to cry on. Heaven has another angle in the choir.

“ Dr. Lewis has been our family doctor since he opened his practice in Fyffe. He was always sincere, caring, funny, stern but gentle, and most importantly treated you as a family member. He was very loved and appreciated, always humble and represented God with his actions and heart. Please know he will be greatly missed but God needs Dr. Ronnie with Him because He is merciful and loving. Praying for all of his loved ones, may God ease your pain...Tracey Dudley

“ Dr. Ronnie came into my life when I needed him the most. I never knew that a total stranger would eventually touch my heart in such a special way and leave a lasting impression. I've encountered many doctors but there was never one quite like him. He helped me physically, mentally, emotionally, and spiritually. My heart hurts that I never got to say goodbye to him but I did receive one of his wonderful hugs before leaving the office the last time I saw him. You're missed, Ronnie. I'll miss you. ❤️

“ I was a year behind Ronnie in our Family Medicine Residency. He was as good as there ever was in terms of compassion and work ethic. I saw him a great number of times staying late to help the nurses with sick babies even though he had been awake for 36 hours and wasn't on call. Really good man, a smile for everyone. When he played piano at the recent Medical Association meeting I had no idea how sick he was; he never let on. I never got the chance to tell him how much he inspired me and how much I admired him. I somehow think he knows as he asked me to give a speech for him when he was running for a Medical Association office. He will be missed.
My thoughts and prayers are with his family.

“ Dr Ronnie always had a hug and an encouraging word for everyone. He was the first Dr. I felt comfortable enough to share my problems with and he diagnosed my Anxiety Disorder. He put me in touch with a great therapist and prescribed the medication to get me started feeling better. He literally changed my life. Everyone who knew this wonderful man is better for it. It is sad to know I can't call on him for my ailments anymore as I'm sure many feel the loss. But Praise the Lord he is singing in that Heavenly choir and we will see him again where precious moments last. Rest in Peace Dr. Ronnie. With much Love, Christina Perry

You were a wonderful, talented, kind doctor who would lend an ear, truly listening, and caring about everyone. We also called you friend. You made us laugh with your sense of humor and smile from experiencing your happy personality. Your smile brightened our day. You had a voice of an angel and now your singing with them. No more suffering. Always remembered and never forgotten. God speed our friend.

“ Ronnie, a very dear friend with lots of love for people and singing conventions. He gave great hugs, had a huge smile, loud strong good voice, pianists, could talk to anyone and a joy to talk too, lovely head of hair, nice looking, loved his jewelry, and could be funny as heck. He loves working with the youth n supporting singing conventions. He's sung about Heaven for so long he is now there. If you close your eyes n look to the sky you can see his new healthy self with a smile from ear to ear seeing old friends, family, people of the Bible and Jesus Christ himself. I can see him and Rosa Nell and Ben cutting up laughing and singing in that choir along with other singers. We will miss him tremendously here on earth, but Ronnie wouldn't trade where he is for anything. Hard to imagine having that much peace. It won't be long before we all join him. Gonna have us a big reunion then. My thoughts and prayers are with the family. May God hold you close with peace, comfort and direction.
