“ I like to believe that no one truly dies as long as the people who knew and love you remember you. So Punk I know that your spirit will live on in all of us that hung out with you, worked with you, and were lucky to have had you in their lives. I will hold dear all the laughs we shared, random adventures, being able to have fun doing nothing but just being with you..... You were a wonderful friend to me, a confidant, and I could tell you anything . You allowed me to be ME.... so thank you for that. I will never forget a single moment I had with you. You will be missed and for a lot of people there will be an empty space that will never be able to be filled, because let's face it..... You were an original The one and Only PUNK. Taken too soon my friend, and Im sorry I didnt get to say goodbye..... I will treasure every moment and be thankful I was lucky enough to have had you in my life.
