Valerie (Val),
You and I go back a long way.
Life took us in different directions yet, you have always been close in my heart and thoughts throughout the years gone by us.
In our younger days we were very close friends.
My mom and yours were the best mothers any girls could ever want to raise them.
I've missed you a lot Valerie and my heart hurts with you in the loss of your husband and father to all of your children.
I've loved you for so many years and pray God comforts each of you as you need him.
Sending love and hugs your way.
