“ *We have so many memories of Jimmy and Merle it is hard to list. They are some of the finest people God put on this earth. A trip to Six Flags with them when Sherry and Brian were just babies comes to mind in a blue falcon they had. What a great time we had. Playing Conasta until late after eating a delicious supper from Merle kitchen. We will cherish them the rest of our lives. If you asked him anything he would tell you and you could believe it.*

*From my early childhood when we lived in the same community with Jimmy and his family. He was four years older than me and I looked up to him not only in stature but as a friend. He was always kind to me, just like his Mother and Father. I loved going to their small country store to get a candy bar and a RC. It has been good to reconnect with him over the past few years on Facebook. I have prayed for him and Merle during their days of sickness and her home going. I know he is rejoicing that he is at home with her again and with his Lord and Savior. May God's peace and comfort be upon you, his family and friends.*
