“ It's saddens me to hear of the passing of Laurie Coots Weeks, she was one of my childhood best friend. Laurie and I grew up together. Back when kids left the house riding bikes on Saturday mornings after you had ate your cereal and watched the Saturday morning cartoons, to not return until sun down that evening. We tracked a lot of miles in Green's Chapel walking, biking, hiking to the bluff, playing in the woods. We were more like sisters and people who didn't know us thought we were. We remained close through out most of high school. We even started nursing school together before Laurie fell ill. She was a kind, caring person with a great smile and infectious laugh! She will be missed greatly! Sending love to her family during this difficult time.

“ I love love the heart that is Laurie Weeks. What a beautiful woman inside and out. Laurie always put everyone first. I have so many great stories of our work times together. I learned more from her than any other PT. She is being missed profoundly and we will never forget her and her contribution to all our lives, especially mine. See you later Laurie! Love you my friend. Barbara

“ Just know Laurie touched every life that she came in contact with. She lived life graciously with a smile and a kind word for everyone, every time. I will miss our conversations that went well beyond that of a co-worker, they were conversations of deep respect and genuine concern. She truly earned our admiration and was definitely a role model for us all. She showed us how to respond when life throws you a curve ball. She will be sorely missed.

*Sending prayers and condolences to this beautiful family.*

“ *“When friendship leaves us through death, we feel cheated in life. Life doesn't play fair, so I vow to win the game for us both.” ~~*

*I found this quote and it sums up how I feel. Laurie was not only my colleague, but one I considered a friend. I will miss her laughter and smile!! My thoughts and prayers are with her family and friends.*

“ *Ms. Weeks was a devoted speech teacher who was not only a friend, colleague, but most importantly an advocate for my daughter. She conformed when language skills were hard. She celebrated when student victories were conquered. She smiled and warmed any room. She will be dearly missed. My family is thankful for what Ms. Weeks taught us; determination, compassion, friendship, communication, and love.*
