“ *I had a complicated relationship with my mother Mamie, But we loved each other regardless. I often think that we were cut of the same cloth, I'm just like her! When she loved you she loved you, and when you were on her list watch out she would fuss at you! I am the same way! Mostly she loved though I think in her unique way. She was a beautiful person who I'm proud to call my mother not only because she fussed at you when you were doing wrong, and loved you through it but that she was a survivor, just like I am. Rest easy mommy I promise I will always remember the good things (and the bad too) because they shaped me into the strong independent woman that I am today and I thank you for it and I love you!*
