“ *I am saddened to find that my friend of long ago has passed. You were always such a good friend and I can still see your smiling face, even though it has been over 40 years since I last saw you. Rest in Peace My Friend.*

“ Uncle Tommy,  
Although I didn't have the pleasure of knowing you my whole life I was lucky to have the time I had with you. I only got to meet you when you took your family all the way from Alabama to our home when we lived in Ronkonkoma NY. I got to meet my cousins and Aunt for the first time that day too. I can remember my cousins and I getting along right away like there was never a gap in time where we didn't meet and we talked the whole time. We lived so far apart so I didn't get to see you but thankfully for Facebook we were able to be in touch nearly everyday. You especially loved my political posts. We are really an all American family. I will miss seeing your name pop up on my comments because it felt like we weren't so far apart being able to keep in touch in this way. I hope you have a computer in heaven to still do the things you loved like your games and Facebook. I hope you have your own beautiful lake to go fishing on everyday especially now that you have no pain. And I hope that you have one of those beautiful houses that you loved for when all your family comes home to lord one day. I pray that you are at peace and that God bestows peace and strength upon your family. Our time on earth is too short but it feels like you left us too soon. I know God has his plan but sometimes it's just so hard to understand it. You are dearly missed by so many. I love you all.

Love,  
Tiffany

“ *My Beloved Brother,*

*As I sit while the Sun is rising this AM, I am reflecting on the first time we met. It took me a long time to find you, but I did. I remember the excitement in Diane's voice when I call and ask if this was the home of Thomas Grella Lawman, she never answered but yelled out to you that I think that one of your sisters from New York is on the phone. My search had finally come to an end. We had to catch up on 43 years of lost time.*

*The signs you left on the roads welcoming us on our first trip to Rainsville. Your patience in dealing with your crazy sisters from New York. Your visit at Christmas time, the trip to see the tree, the unanswered questions we all had. Our trip to Dollywood, our stay at the hotel in the Carolinas, I can go on and on. I guess my fondest memory will always be finding you and being able to call you **BROTHER!***

*With all My Love,  
Your Sister Rosalie*
