“ I will sure miss him telling me "happy birthday old man". He remembered my birthday every year, I guess since his was a few days past mine. He had a way of making you smile and feel special, even though he did not like to say "I love you".
Sorry for the family, friends and our church, but happy he lived in a way that we feel great comfort in where he is; resting in paradise, until the Lord gives him the summons to meet Him in the air!

I LOVE YOU BROTHER JUNE!
